

COLONEL JOSEPH MOKWA, CHIEF OF POLICE

Service, Integrity, Leadership And Fair Treatment To All.

# METROPOLITAN POLICE DEPARTMENT

CITY OF ST. LOUIS • 1200 CLARK AVENUE • ST. LOUIS, MISSOURI 63103

March 20, 2008

Assignment Editor:

The City of St. Louis and the St. Louis Metropolitan Police Department have distributed over 18,000 Anti-Auto Theft devices at no cost to taxpayers.

Progressive Insurance Company has partnered with us to continue this highly successful program. Collector of Revenue Gregory F.X. Daly will begin to offer both the Anti-Auto Theft Steering Club and the license plate covers at cost (\$11 for Club, retail \$40 and the plate covers for \$5 a pair). These items will be available in the Missouri State License Fee Office located in City Hall.

This will be the only state license office to participate in such a program. We will also recognize Progressive for their continued participation. Cities from around the country have inquired as to how the City of St. Louis has combated auto theft and how we have gained such positive results.

Please join us in recognizing Progressive Insurance and Gregg Daly, Collector of Revenue on Monday March 24<sup>th</sup> at 10:00 AM in the State Fee Office located in City Hall in making these items conveniently available to those who are registering or renewing their plates.

If you have any questions please call Sgt. John McLaughlin at 444-5490. This program can only exist with partnerships such as this at no cost to taxpayers. Your coverage of this event is greatly appreciated.
