A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 2800 N. 9th Street. Area ("Area") encompasses approximately 0.74 acres in Near North Riverfront Neighborhood of the City of St. Louis ("City") and is located on northeast corner of N. 9th Street and St. Louis Avenue with Wright St. to the north and Montgomery street to the south.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises one parcel of City Block 333. The Area is in poor condition. The physical conditions within the Area are shown on Exhibit "B" (Project Area Plan). For the purpose of this Plan, "Fair Condition" means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. "Poor Condition" means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 6.4% unemployment rate for the City as of December, 2006. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied commercial building.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential and commercial purposes.

Residential density for the surrounding neighborhoods is approximately 0.47 persons per acre.

5. CURRENT ZONING

The Area is zoned "K " Unrestricted District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and in poor condition (as defined in Section A (2) above). The existence of deteriorated property constitutes both an economic liability to the City of St. Louis and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law).

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive commercial uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are commercial uses permitted in Areas designated "D" Multiple Family Dwelling District by the City of St. Louis Zoning Code. Redevelopers authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area.

3. PROPOSED ZONING

The zoning for the Area should be changed to "D" Multiple Family Dwelling District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan" (2005). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

Approximately ten to fifteen new jobs will be created in this Area because the proposed development is commercial.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper shall develop the Area in accordance with this Plan and the Redevelopment Agreement, and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. Urban Design Objectives

The property shall be developed so it is an attractive commercial asset to the surrounding neighborhood.

b. Urban Design Regulations

Rehabilitation shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design.

New construction shall be compatible in design with the surrounding neighborhood, if any, in terms of scale, materials, set back, profile and site layout.

c. Landscaping

The property shall be well landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. Fencing

Fencing in the front yards and facing side streets shall be limited to ornamental metal with black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity. Three percent (3%) of the interior of all parking lots containing more than twenty-five (25) spaces shall be landscaped with trees, at least two and one-half (2-1/2) inch caliper in size on planting. The trees shall be planted on islands, the largest dimension of which shall be at least five (5) feet, planted with low lying ground cover or other plant material.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

New wall signs shall not obstruct any architectural building elements, and shall project no more than eighteen (18) inches from the face of the building: **Upper Level** signage shall be located just below or above the top floor windows facing in any direction regardless of street orientation, shall not exceed 2% of the area of the façade on which it appears nor have letters more than one foot in height for each ten foot (10') of building height provided that the maximum shall be ten foot (10') high letters (i.e. maximum sign letter height on a fifty foot (50') high building shall be five feet (5')). **Pedestrian level** signage shall be below the second floor window sill of a structure and/or above the store front windows or on the sides of building perpendicular to the street. The total pedestrian level signage per business per façade shall be the lessor of fifty (50) sq. ft. on ten percent (10%) of the ground floor façade area.

Canvas awnings with signs are permitted, provided they are compatible with the overall design and architectural details of the building upon which they are to be placed and are placed neatly within the window or door opening. Signage on awnings may be located on the sloping portion of the canvas awning, on the front of a canopy or on the awning valance. In no case shall signage be allowed on both an awning and a building for the same business. Logos and graphic elements may be up to ten (10) sq. ft. in size (depending on the size of the awning), while names or brand copy shall be in proportion to the size of the awning, but in no case shall lettering be more than twelve inches (12") high.

One ground or monument sign per use may be permitted provided it does not exceed ten (10) feet in height nor exceed fifty (50) square feet per side, and provided the LCRA confirms that such a sign is required based upon the use, location or siting of the structure.

Businesses having more than 40,000 square feet of ground floor area may have signs proportionately larger than the maximum size set out in this section, provided that the LCRA confirms that there is need based upon the use, location, or siting of the building.

Painted wall signs, roof signs, pole signs, moving signs, animated or flashing signs, or permanent or portable message board signs shall not be permitted in the Area, and no regular or mini billboards (free standing or mounted on structures) shall be erected or maintained in the area, except that construction and leasing signs may be maintained during construction and for a period of one (1) year after completion of improvements on any respective parcel or part thereof..

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately two (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to a Redeveloper who shall agree to develop such property in accordance with this Plan and the contract between such Redeveloper and the LCRA. Any property acquired by the LCRA and sold to a Redeveloper will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied, all eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

A Redeveloper may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 -99.715, Revised Statutes of Missouri 2000, as amended, upon application as provided therein. Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, a Redeveloper which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions of this Plan:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for the first ten (10) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. If property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such corporation for the first ten (10) years of such lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year preceding the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond ten (10) years after the redevelopment corporation shall have acquired title to the property.

G. COMPLIANCE WITH AFFIRMATIVE ACTION AND NONDISCRIMINATION LAWS AND REGULATIONS**1. LAND USE**

The Redeveloper shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the lease, sale or occupancy of the Area.

2. CONSTRUCTION AND OPERATIONS

A Redeveloper shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the construction and operation of any project in the Area and shall take such affirmative action as may be appropriate to afford opportunities to everyone in all activities of the project, including enforcement, contracting, operating and purchasing.

3. LAWS AND REGULATIONS

4. ENFORCEMENT

All of the provisions of this Section G shall be incorporated in a Contract between the LCRA and a Redeveloper, which agreement shall be recorded in the office of the Recorder of Deeds. The provisions of G (1) and G (3) shall be covenants running with the land, without limitation as to time, and the provisions of G (2) shall be for the duration of this Plan and any extension thereof.

All of the provisions of Section G shall be enforceable against the Redeveloper, its heirs, successors or assigns, by the LCRA, the City, any state having jurisdiction or the United States of America.

H. MODIFICATIONS OF THIS PLAN

Any proposed modification which will substantially change this Plan shall be approved by the St. Louis Board of Aldermen in the same manner as this Plan was first approved. Modifications which will substantially change this Plan include, but

are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or other items which alter the nature or intent of this Plan.

WHEREAS, this Board has duly considered the reports, recommendations and certifications of the LCRA and the Planning Commission; and

WHEREAS, the Plan does prescribe land use and street and traffic patterns which may require, among other things, the vacation of public rights-of-way, the establishment of new street and sidewalk patterns or other public actions; and

WHEREAS, this Board is cognizant of the conditions which are imposed on the undertaking and carrying out of a redevelopment project, including those relating to prohibitions against discrimination because of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap; and

These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond ten (10) years after the redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by the St. Louis Board of Aldermen in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan. A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 2730-32 Miami St. Area (“the Area”) more fully described in Exhibit “A” attached hereto and incorporated herein by reference, consists of an empty lot on an area approximating .111 acres in the Gravois Park Neighborhood. The Area is located on the south side of Miami St., between California to the west and Iowa to the east.

The legal description of the Area is attached and labeled Exhibit “A”. The boundaries of the Area are delineated on Exhibit “B” (“Project Area Plan”).

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 1641. The Area is in poor condition. The physical conditions within the Area are shown on Exhibit “B” (Project Area Plan). For the purpose of this Plan, “Fair Condition” means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. “Poor Condition” means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 6.5% unemployment rate for the City as of December, 2006. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include a vacant lot.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit “B”.

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential properties.

Residential density for the surrounding neighborhoods is approximately 20.69 persons per acre.

5. CURRENT ZONING

The Area is zoned "B" Two-Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and in poor condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri, 2000, as amended, (the Land Clearance for Redevelopment Authority Law).

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated "B" Two-Family Dwelling District by the City of St. Louis Zoning Code. Redevelopers authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The 2005 Strategic Land Use Plan designates it as a Neighborhood Preservation Area.

3. PROPOSED ZONING

The zoning for the Area should remain "B" "Two-Family Dwelling District." All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan" (2005). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed development is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper shall develop the Area in accordance with this Plan and the Redevelopment Agreement, and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. Urban Design Objectives

The property shall be developed so it is an attractive residential asset to the surrounding neighborhood with new plumbing, electrical and HVAC systems inspected and approved by the city. The renovated units must sell for at least \$150,000 each.

b. Urban Design Regulations

Rehabilitation shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design

c. Landscaping

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. Fencing

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property alley, and at least one parking space shall be provided for each residential unit. In addition, surface parking shall not exceed beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development

that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately three (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to a Redeveloper who shall agree to develop such property in accordance with this Plan and the contract between such Redeveloper and the LCRA. Any property acquired by the LCRA and sold to a Redeveloper will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied, all eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

A Redeveloper may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, Revised Statutes of Missouri, 2000, as amended, upon application as provided therein. Such real estate tax abatement shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, a Redeveloper which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for the first ten (10) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the

calendar year during which such corporation shall have acquired title to such property. If property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such corporation for the first ten (10) years of such lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year preceding the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond ten (10) years after the redevelopment corporation shall have acquired title to the property.

G. COMPLIANCE WITH AFFIRMATIVE ACTION AND NONDISCRIMINATION LAWS AND REGULATIONS

1. LAND USE

The Redeveloper shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the lease, sale or occupancy of the Area.

2. CONSTRUCTION AND OPERATIONS

A Redeveloper shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the construction and operation of any project in the Area and shall take such affirmative action as may be appropriate to afford opportunities to everyone in all activities of the project, including enforcement, contracting, operating and purchasing.

In lieu of the ten (10) year abatement outlined above, a Redeveloper which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for the first ten (10) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond ten (10) years after the redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by the St. Louis Board of Aldermen in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan. A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 3653 South Compton Ave. Area (“the Area”) more fully described in Exhibit “A” attached hereto and incorporated herein by reference, consists of a single-family structure on an area approximating .168 acres in the Gravois Park Neighborhood. The Area is located on the west side of South Compton Ave. north of Winnebago St., between Virginia Ave, to the west and Michigan Ave. to the east.

The legal description of the Area is attached and labeled Exhibit “A”. The boundaries of the Area are delineated on Exhibit “B” (“Project Area Plan”).

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 1618. The Area is in poor condition. The physical conditions within the Area are shown on Exhibit “B” (Project Area Plan). For the purpose of this Plan, “Fair Condition” means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. “Poor Condition” means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 6.5% unemployment rate for the City as of December, 2006. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied residential building.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit “B”.

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential properties.

Residential density for the surrounding neighborhoods is approximately 20.69 persons per acre.

5. CURRENT ZONING

The Area is zoned “A” Single Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and in poor condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri, 2000, as amended, (the Land Clearance for Redevelopment Authority Law).

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated “A” Single Family Dwelling District by the City of St. Louis Zoning Code. Redevelopers authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis (“LCRA”) to develop property in the Area (hereafter referred to as “Redeveloper”) shall be permitted to use said property only for the above proposed uses.

Exhibit “C” (Proposed Land Use) shows the proposed uses for the Area. The 2005 Strategic Land Use Plan designates it as a Neighborhood Preservation Area.

3. PROPOSED ZONING

The zoning for the Area should remain “A” “Single Family Dwelling District.” All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the “Strategic Land Use Plan” (2005). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed development is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit “C”) indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency (“PDA”) of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper shall develop the Area in accordance with this Plan and the Redevelopment Agreement, and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN**a. Urban Design Objectives**

The property shall be developed so it is an attractive residential asset to the surrounding neighborhood with new plumbing, electrical and HVAC systems inspected and approved by the city. The renovated unit must sell for at least \$100,000 and be owner occupied during the period of tax abatement.

b. Urban Design Regulations

Rehabilitation shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design

New construction shall be compatible in design with the surrounding neighborhood, if any, in terms of scale, materials, set back, profile, and site layout.

c. Landscaping

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. Fencing

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property alley, and at least one parking space shall be provided for each residential unit. In addition, surface parking shall not exceed beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately three (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT**1. ADMINISTRATION AND FINANCING**

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to a Redeveloper who shall agree to develop such property in accordance with this Plan and the contract between such Redeveloper and the LCRA. Any property acquired by the LCRA and sold to a Redeveloper will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied, all eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

A Redeveloper may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, Revised Statutes of Missouri, 2000, as amended, upon application as provided therein. Such real estate tax abatement shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, a Redeveloper which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for the first ten (10) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. If property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such corporation for the first ten (10) years of such lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the

assessment on the property, including land and improvements, during the calendar year preceding the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond ten (10) years after the redevelopment corporation shall have acquired title to the property.

All of the provisions of Section G shall be enforceable against the Redeveloper, its heirs, successors or assigns, by the LCRA, the City, any state having jurisdiction or the United States of America.

H. MODIFICATIONS OF THIS PLAN

remain in full force and effect.

- “E” EQUAL OPPORTUNITY AND NON-DISCRIMINATION GUIDELINES

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 3863 North Utah Place Area (“the Area”) more fully described in Exhibit “A” attached hereto and incorporated herein by reference, consists of a two-family structure on an area approximating 5,402 square feet in the Tower Grove South Neighborhood.

The legal description of the Area is attached and labeled Exhibit “A”. The boundaries of the Area are delineated on Exhibit “B” (“Project Area Plan”).

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 41 15. The Area is in poor condition. The physical conditions within the Area are shown on Exhibit “B” (Project Area Plan). For the purpose of this Plan, “Fair Condition” means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. “Poor Condition” means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 7% unemployment rate for the City as of November, 2006. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied residential building.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit “B”.

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential properties.

Residential density for the surrounding neighborhoods is approximately 15.48 persons per acre.

5. CURRENT ZONING

The Area is zoned “B” Two-Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and in poor condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri, 2000, as amended, (the Land Clearance for Redevelopment Authority Law).

B. PROPOSED DEVELOPMENT AND REGULATIONS1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated “B” Two-Family Dwelling District by the City of St. Louis Zoning Code. Redevelopers authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis (“LCRA”) to develop property in the Area (hereafter referred to as “Redeveloper”) shall be permitted to use said property only for the above proposed uses.

Exhibit “C” (Proposed Land Use) shows the proposed uses for the Area.

3. PROPOSED ZONING

The zoning for the Area should all be “B” “Multiple-Family Dwelling District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the “Strategic Land Use Plan” (2005). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed development is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit “C”) indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency (“PDA”) of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper shall develop the Area in accordance with this Plan and the Redevelopment Agreement, and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN**a. Urban Design Objectives**

The property shall be developed so it is an attractive residential asset to the surrounding neighborhood.

b. Urban Design Regulations

Rehabilitation shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design

New construction shall be compatible in design with the surrounding neighborhood, if any, in terms of scale, materials, set back, profile and site layout.

c. Landscaping

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. Fencing

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately three (3) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to a Redeveloper who shall agree to develop such property in accordance with this Plan and the contract between such Redeveloper and the LCRA. Any property acquired by the LCRA and sold to a Redeveloper will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied, all eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency (“PDA”) of the City. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. Fencing

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. 9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property alley, and at least one parking space shall be provided for each residential unit. In addition, surface parking shall not exceed beyond the established building line. When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately three (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 1382. The Area is in fair condition. The physical conditions within the Area are shown on Exhibit “B” (Project Area Plan). For the purpose of this Plan, “Fair Condition” means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. “Poor Condition” means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 6.5% unemployment rate for the City as of December, 2006. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include one occupied residential building.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential properties.

Residential density for the surrounding neighborhoods is approximately 17.36 persons per acre.

5. CURRENT ZONING

The Area is zoned "C" Multiple-Family Dwelling District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and in fair condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City of St. Louis and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri 2000, as amended (the Land Clearance for Redevelopment Authority Law).

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated "C" Multiple-Family Dwelling District by the City of St. Louis Zoning Code. Redevelopers authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The 2005 Strategic Land Use Plan designates it as a Neighborhood Preservation Area.

3. PROPOSED ZONING

The zoning for the Area can remain "C" Multiple-Family Dwelling District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan" (2005). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed development is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper shall develop the Area in accordance with this Plan and the Redevelopment Agreement, and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet this requirement may result in suspension of tax abatement.

8. URBAN DESIGN

a. Urban Design Objectives

The property shall be developed so it is an attractive residential asset to the surrounding neighborhood.

b. Urban Design Regulations

Rehabilitation shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design

New construction shall be compatible in design with the surrounding neighborhood, if any, in terms of scale, materials, set back, profile and site layout.

c. Landscaping

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, as determined by the Parks Department of the City depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. Existing, healthy trees and shrubs shall be retained, if feasible.

d. Fencing

Fencing in the front yards and facing side street shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matter finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street may be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property alley, and at least one parking space shall be provided for each residential unit. In addition, surface parking shall not exceed beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately two (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT**1. ADMINISTRATION AND FINANCING**

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to a Redeveloper who shall agree to develop such property in accordance with this Plan and the contract between such Redeveloper and the LCRA. Any property acquired by the LCRA and sold to a Redeveloper will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. All eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

A Redeveloper may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, Revised Statutes of Missouri, 2000, as amended, upon application as provided therein. Such real estate tax abatement shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, a Redeveloper which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for the first ten (10) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the calendar year during which such corporation shall have acquired title to such property. If property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such corporation for the first ten (10) years of such lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the

assessment on the property, including land and improvements, during the calendar year preceding the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond ten (10) years after the redevelopment corporation shall have acquired title to the property.

G. COMPLIANCE WITH AFFIRMATIVE ACTION AND NONDISCRIMINATION LAWS AND REGULATIONS

1. LAND USE

The Redeveloper shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the lease, sale or occupancy of the Area.

2. CONSTRUCTION AND OPERATIONS

A Redeveloper shall not discriminate on the basis of race, color, creed, national origin, marital status, sex, age, sexual orientation or physical handicap in the construction and operation of any project in the Area and shall take such affirmative action as may be appropriate to afford opportunities to everyone in all activities of the project, including enforcement, contracting, operating and purchasing.

All of the provisions of Section G shall be enforceable against the Redeveloper, its heirs, successors or assigns, by the LCRA, the City, any state having jurisdiction or the United States of America.

H. MODIFICATIONS OF THIS PLAN

Any proposed modification which will substantially change this Plan shall be approved by the St. Louis Board of Aldermen in the same manner as this Plan was first approved. Modifications which will substantially change this Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or other items which alter the nature or intent of this Plan.

This Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City. Changes which are not substantial are those that do not go to the crux of this Plan.

I. DURATION OF REGULATION AND CONTROLS

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 2342 S. 11th St. Area (“the Area”) more fully described in Exhibit “A” attached hereto and incorporated herein by reference, consists of a two-family structure on an area approximating 0.071 acres in the Soulard Neighborhood. The Area is on the east side of 11th St., between Lami St. to the North and Barton to the south.

The legal description of the Area is attached and labeled Exhibit “A”. The boundaries of the Area are delineated on Exhibit “B” (“Project Area Plan”).

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 806. The Area is in Poor condition. The physical conditions within the Area are shown on Exhibit “B” (Project Area Plan). For the purpose of this Plan, “Fair Condition” means (1) property that is generally structurally sound but suffers from inadequate maintenance and upkeep, or (2) vacant unimproved property that is under-utilized. “Poor Condition” means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 6.5% unemployment rate for the City as of December, 2006. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied residential building.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit “B”.

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential properties.

Residential density for the surrounding neighborhoods is approximately 8.33 persons per acre.

5. CURRENT ZONING

The Area is zoned “A” Single-Family Dwelling District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and in poor condition (as defined in Section A(2) above). The existence of deteriorated property constitutes both an economic liability to the City and presents a hazard to the

health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri, 2000, as amended, (the Land Clearance for Redevelopment Authority Law).

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated “A” Single-Family Dwelling District by the City of St. Louis Zoning Code. Redevelopers authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis (“LCRA”) to develop property in the Area (hereafter referred to as “Redeveloper”) shall be permitted to use said property only for the above proposed uses.

Exhibit “C” (Proposed Land Use) shows the proposed uses for the Area. The 2005 Strategic Land Use Plan designates it as a Neighborhood Preservation Area.

3. PROPOSED ZONING

The zoning for the Area should remain “A” “Single-Family Dwelling District.” All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the “Strategic Land Use Plan” (2005). Any specific proposal to the LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed development is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit “C”) indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency (“PDA”) of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper shall develop the Area in accordance with this Plan and the Redevelopment Agreement, and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. Urban Design Objectives

The property shall be developed so it is an attractive residential asset to the surrounding neighborhood.

b. Urban Design Regulations

Rehabilitation shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design

New construction shall be compatible in design with the surrounding neighborhood, if any, in terms of scale, materials, set back, profile and site layout.

c. Landscaping

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. Fencing

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property alley, and at least one parking space shall be provided for each residential unit. In addition, surface parking shall not exceed beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and contracts between the LCRA and the Redeveloper. All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately three (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can

do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

Any property acquired by the LCRA and sold to a Redeveloper will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

These partial tax relief and payment in lieu of taxes provisions, during up to said five (5) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA.
