

ORDINANCE #67987

An ordinance prohibiting the issuance of any package or drink liquor licenses for any currently non-licensed premises within the boundaries of the Twentieth Ward Liquor Control District, as established herein, for a period of three years from the effective date hereof; containing an exception allowing, during the moratorium period, for the transfer of existing licenses, under certain circumstances, and the issuance of a drink license to persons operating a restaurant at a previously non-licensed premises; and containing an emergency clause.

BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:

SECTION ONE. LEGISLATIVE FINDINGS.

The existence of alcoholic beverage establishments appears to contribute directly to numerous peace, health, safety and general welfare problems including loitering, littering, drug trafficking, prostitution, public drunkenness, defacement and damaging of structures, pedestrian obstructions, as well as traffic circulation, parking and noise problems on public streets and neighborhood lots. The existence of such problems creates serious impacts on the health, safety and welfare of residents of single- and multiple-family within the district, including fear for the safety of children, elderly residents and of visitors to the district. The problems also contribute to the deterioration of the neighborhood and concomitant devaluation of property and destruction of community values and quality of life. The number of establishments selling alcoholic beverages and the associated problems discourage more desirable and needed commercial uses in the area. In order to preserve the residential character and the neighborhood-serving commercial uses of the area, there shall be a moratorium on the issuance of new liquor licenses with the area Beginning at the intersection of the centerlines of S. Broadway and Interstate 55, and proceeding along the centerlines in a generally clockwise direction south to Kosciusko St., north to Winnebago St., west to Marine Ave., south to Chippewa St., west to Missouri Ave., south to Keokuk St., west to S. Broadway, north on S. Broadway to Jefferson Ave., north to Chippewa St., west to Ohio Ave., south to Keokuk St., west to California Ave., north to Chippewa St., west to Oregon Ave., south to Osage St., east to California Ave., south to Gasconade St., west to Pennsylvania Ave., south to Meramec St., west to Michigan Ave., north to Gasconade St., west to Louisiana Ave., north to Osage St., west to S. Grand Blvd., north to Alberta St., east to Arkansas Ave., north to Chippewa St., east to Tennessee Ave., north to Potomac St., east to Louisiana Ave., north to Gravois Ave., east to Virginia Ave., south to Utah St., east to Compton Ave., north to Gravois Ave., northeast to Juniata St., east to Minnesota Ave., south to Utah St., east to Pennsylvania Ave., south to Cherokee St., east to Nebraska Ave., north to Wyoming St., east to Oregon Ave., north to Juniata St., east to California Ave., south to Wyoming St., east to Texas Ave., south to Utah St., west to Ohio Ave., south to Cherokee St., west to Iowa Ave., south to Miami St., east to Ohio St., north to Potomac St., east to Indiana Ave., south to Miami St., east to S. Broadway, northeast to Salena St., south to Miami St., east to Cleon St., northeast to President St., southeast to Second St., northeast to Potomac St., northwest to S. Broadway St., northeast to the point of beginning. Such area shall be known as the Twentieth Ward Liquor Control Area.

SECTION TWO. The Excise Commissioner is hereby prohibited, for a period of 120 days, beginning as of the effective date of this Ordinance, from approving the issuance of a package or drink liquor license for any premises, not licensed as of the effective date hereof, which is located within the boundaries of the Twentieth Ward Liquor Control District established in Section One of this ordinance.

SECTION THREE. Notwithstanding the provisions of Section Two of this Ordinance, the Excise Commissioner shall have authority to:

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

The Area comprises a portion of City Blocks 5219. The Area is in fair condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" (Blighting Report).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 7.1% unemployment rate for the City as of December, 2007. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an occupied residential building. .

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

The properties surrounding the Area are primarily used for residential purposes. .

Residential density for the surrounding neighborhoods is approximately 8.1 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "C" Multiple Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is occupied and in the conditions outlined in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 et seq. of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated "C" Multiple Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The 2005 Strategic Land Use Plan designated it as a Neighborhood Preservation Area (A).

3. PROPOSED ZONING

The zoning for the Area can remain "C" Multiple Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan of the City of St. Louis" (2005). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed redevelopment is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged except for the vacation of the alley in the block.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or

ordinances are required.

A Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. **Blighting Report for the 3815 N. Utah Pl.
Redevelopment Area**

As outlined below, the Area suffers from a multitude of physical and economic deficiencies including defective and inadequate streets, insanitary or unsafe conditions, deterioration or inadequate site improvements, improper subdivision or absolute platting and conditions which endanger life or property by fire or other curses.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by this Board in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan.

The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. In the event that any section of this Ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this Ordinance are valid, unless the court finds

the valid sections of the Ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that this Board would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 4046 Flad Ave. Redevelopment Area ("Area") encompasses approximately 0.085 acres in the Shaw Neighborhood of the City of St. Louis ("City") and is located on the south side Flad Ave., between Lawrence St. and Thurman Ave.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Blocks 4921. The Area is in fair condition. At the time of the Blighting Report survey, the Area was in poor condition.. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" (Blighting Report).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 7.1% unemployment rate for the City as of December, 2007. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an occupied residential building. .

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential purposes. .

Residential density for the surrounding neighborhoods is approximately 21.59 persons per acre.

5. CURRENT ZONING

The Area is currently zoned “B” Two Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

The property within the Area is occupied and in the conditions outlined in Exhibit “F”. The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.* of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit “F” and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated “B” Two Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis (“LCRA”) to develop property in the Area (hereafter referred to as “Redeveloper(s)”) shall be permitted to use said property only for the above proposed uses.

Exhibit “C” (Proposed Land Use) shows the proposed uses for the Area. The 2005 Strategic Land Use Plan designated it as a Neighborhood Preservation Area (A).

3. PROPOSED ZONING

The zoning for the Area can remain “B” Two Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the “Strategic Land Use Plan of the City of St. Louis” (2005). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed redevelopment is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit “C”) indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged except for the vacation of the alley in the block.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency (“PDA”) of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

A Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement (if any) (“Agreement”), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGNa. **Urban Design Objectives**

The property shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on their lot so that any existing recurrent building masses and spaces are continued as well as the pattern of setback from the street.
- 3.) **Exterior Materials** All new building materials on facades visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to approval.
- 4.) **Architectural Details** on existing structures shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes.** When one roof shape is employed in a predominance of existing buildings in a block, any proposed new construction or alteration should be viewed with respect to its compatibility with the existing adjacent buildings.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. **Landscaping**

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center as determined by the Parks Department of the City, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. **Fencing**

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 ½) feet high on planting and maintained at three and one-half (3 ½) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and agreements between the LCRA and the Redeveloper(s). All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper(s).

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious redevelopment that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF REDEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately two (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently occupied. All eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

A Redeveloper(s) may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, Revised Statutes of Missouri 2000, as amended, upon application as provided therein. In the case of 4046 Flad Ave. the payment in lieu of taxes shall be based on the assessment of the improvements located on the property as of January 1, 2006. Such real estate tax abatement shall not include taxes collected for any Special Business District Neighborhood Improvement District,

commercial Improvement district, or other similar local taxing districts created in accordance with Missouri law, whether now existing or later created

In lieu of the ten (10) year abatement outlined above, redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement, which shall not include taxes collected for any Special Business District Neighborhood Improvement District, commercial Improvement district, or other similar local taxing districts created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions of this Plan.

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for up to the first ten (10) years after the date the redevelopment corporation shall acquire title to the property in the Area, taxes on that property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year preceding the calendar year during which the corporation shall have acquired title to that property, except in the case of 4046 Flad Ave., where the payment in lieu of taxes shall be based on the assessment of the improvements located on the property as of January 1, 2006. In addition to such taxes, any the corporation shall for up to the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year preceding the calendar year during which such corporation shall have acquired title to the property, except in the case of 4046 Flad Ave., where the payment in lieu of taxes shall be based on the assessment of the improvements located on the property as of January 1, 2006. If property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such corporation for up to the first ten (10) years of the lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year preceding the calendar year during which that corporation shall lease such property.
