WHEREAS, under the provisions of the Statute, it is required that this Board take such actions as may be required to approve the Plan; and

WHEREAS, this Board has duly considered the reports, recommendations and certifications of the LCRA and the Planning Commission; and

WHEREAS, the Plan prescribes land use and street and traffic patterns which may require, among other things, the vacation of public rights-of-way, the establishment of new street and sidewalk patterns or other public actions; and

WHEREAS, this Board is cognizant of the conditions which are imposed on the undertaking and carrying out of a redevelopment project, including those relating to prohibitions against discrimination because of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap; and

WHEREAS, in accordance with the requirements of Section 99.430 RSMo, as amended, this Board placed public notices in a newspaper of general circulation in the City that a public hearing would be held by this Board on the Plan, and a hearing was held at the time and place designated in those notices and all those who were interested in being heard were given a reasonable

opportunity to express their views; and

WHEREAS, it is necessary that this Board take appropriate official action respecting the approval of the Plan.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:

SECTION ONE. There exists within the City of St. Louis ("City") a blighted area, as defined by Section 99.320 of the Revised Statutes of Missouri, as amended (the "Statute" being Sections 99.300 to 99.715 inclusive, as amended) described in Attachment "A", attached hereto and incorporated herein, known as the 4541 Michigan Avenue Area ("Area"). The existence of deteriorated property and other conditions constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.320(3) RSMo, as amended, and are evidenced by the Blighting Report attached as Exhibit "F" ("Blighting Report") to the Blighting Study and Redevelopment Plan for the Area dated May 26, 2009 which is attached hereto, and labeled Attachment "B" and incorporated herein by reference ("Plan").

SECTION TWO. The redevelopment of the Area, as provided by the Statute, is necessary and in the public interest, and is in the interest of the public health, safety, morals and general welfare of the people of the City.

SECTION THREE. The Area qualifies as a redevelopment area in need of redevelopment under the provision of the Statute, and the Area is blighted as defined in Section 99.320 of the Statute.

SECTION FOUR. The Plan (including the Blighting Report) having been duly reviewed and considered, is hereby approved and incorporated herein by reference, and the President or Clerk of this St. Louis Board of Aldermen ("Board") is hereby directed to file a copy of the Plan with the Minutes of this meeting.

SECTION FIVE. The Plan is feasible and conforms to the general plan for the City.

SECTION SIX. The financial aid provided and to be provided for financial assistance pertaining to the Area is necessary to enable the redevelopment activities to be undertaken in accordance with the Plan, and the proposed financing plan for the Area is feasible.

SECTION SEVEN. The Plan for the Area will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the redevelopment of the Area by private enterprise, and private redevelopments to be sought pursuant to the requirements of the Statute.

SECTION EIGHT. The Plan provides that the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") may acquire no property in the Area by the exercise of eminent domain.

SECTION NINE. None of the property within the Area is currently occupied. - (c) Stands ready to consider and take appropriate action upon proposals and measures designed to effectuate the Plan.

SECTION TWELVE. All parties participating as owners or purchasers of property in the Area for redevelopment ("Redeveloper(s)") shall agree for themselves and their heirs, successors and assigns that they shall not discriminate on the basis of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap in the sale, lease, or rental of any property or improvements erected or to be erected in the Area or any part thereof and those covenants shall run with the land, shall remain in effect without limitation of time, shall be made part of every contract for sale, lease, or rental of property to which Redeveloper(s) is a party, and shall be enforceable by the LCRA, the City and the United States of America.

- (a) To use the property in accordance with the provisions of the Plan, and be bound by the conditions and procedures set forth therein and in this Ordinance;

- (b) That in undertaking construction under the agreement with the LCRA and the Plan, bona fide Minority Business Enterprises (as further defined below, "MBEs") and Women's Business Enterprises ("as further defined below ("WBEs") will be solicited and fairly considered for contracts, subcontracts and purchase orders;
- (c) To be bound by the conditions and procedures regarding the utilization of MBEs and WBEs established by the City;
- (d) To adhere to the requirements of the Executive Order of the Mayor of the City, dated July 24, 1997, as has been extended.

The woman or women must have operational and managerial control, interest in capital and earnings commensurate with their percentage of ownership.

The term "Redeveloper(s)" as used in this Section shall include heirs, successors in interest, and assigns.

SECTION FOURTEEN. The Redeveloper(s) may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, RSMo, as amended, upon application as provided therein. Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, any Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions of the Plan:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such urban redevelopment corporation shall own property within the Area, then for a period of up to the first ten (10) years after the date such urban redevelopment corporation shall acquire title to property in the Area, taxes on that property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall have acquired title to that property. In addition to such taxes, any such urban redevelopment corporation shall for a period of up to ten (10) years make a payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the improvements located on the property during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in the Plan and in any agreement with the LCRA. In no event shall such benefits extend beyond ten (10) years after any urban redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by this

Board in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 4541 Michigan Avenue Redevelopment Area ("Area") encompasses 0.06 acres in the Mount Pleasant Neighborhood of the City of St. Louis ("City") and is located on the west side of Michigan Avenue with Dakota Ave. to the north and Mount Pleasant St. to the south.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises one parcel of City Block 2723. The Area is in poor condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" (Blighting Report).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 10.0% unemployment rate for the City as of March, 2009. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently **no** jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied single family residential building.

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential purposes.

Residential density for the surrounding neighborhoods is approximately 11.22 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "B" Two Family Dwelling District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

None of the property within the Area is occupied and it is in the conditions outlined in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.*, of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated "B" Two Family Dwelling District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The Strategic Land Use Plan as amended 2009 designated it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The zoning for the Area can remain "B" Two Family Dwelling District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan of the City of St. Louis" (2009). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed redevelopment is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged except for the vacation of the alley in the block.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

A Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on their lot so that any existing recurrent building masses and spaces is continued as well as the pattern of setback from the street.
- 3.) **Exterior Materials** All new building materials on facades visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to approval.
- 4.) **Architectural Details** on existing structures shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes.** When one roof shape is employed in a predominance of existing buildings in a block, any proposed new construction or alteration should be viewed with respect to its compatibility with the existing adjacent buildings.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. **Landscaping**

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center as determined by the Parks Department of the City, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. **Fencing**

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 ½) feet high on planting and maintained at three and one-half (3 ½) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and agreements between the LCRA and the Redeveloper(s). All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper(s).

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious redevelopment that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF REDEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately two (2) year(s) of approval of this Plan by ordinance and completed within approximately three (3) year(s) of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA **may not** acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. The term "Redeveloper(s)" as used in this Section shall include heirs, successors in interest, and assigns.

SECTION FOURTEEN. The Redeveloper(s) may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, RSMo, as amended, upon application as provided therein. If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such urban redevelopment corporation shall own property within the Area, then for a period of up to the first ten (10) years after the date such urban redevelopment corporation shall acquire title to property in the Area, taxes on that property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall have acquired title to that property. In addition to such taxes, any such urban redevelopment corporation shall for a period of up to ten (10) years make a payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the improvements located on the property during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in the Plan and in any agreement with the LCRA. In no event shall such benefits extend beyond ten (10) years after any urban redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by this

Board in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 514-16 Fassen Street Redevelopment Area ("Area") encompasses approximately 0.10 acres in the Carondelet Neighborhood of the City of St. Louis ("City") and is located on the south side of Fassen St. with Virginia Ave. to the east and Alabama Ave. to the west.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises one parcel of City Block 2839 The Area is in poor condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" (Blighting Report).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 10.0% unemployment rate for the City as of March, 2009. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.* of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated "B" Two Family Dwelling District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The Strategic Land Use Plan as amended 2009 designated it as a Neighborhood Preservation Area (NPA).

Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed redevelopment is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged except for the vacation of the alley in the block.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

A Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises one parcel of City Block 5455. The Area is in poor condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" (Blighting Report).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 10.0% unemployment rate for the City as of March, 2009. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently **no** jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied four family residential building.

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential purposes.

Residential density for the surrounding neighborhoods is approximately 15.14 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "A" Single Family Dwelling District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

None of the property within the Area is occupied and it is in the conditions outlined in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.* of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated "A" Single Family Dwelling District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The Strategic Land Use Plan as amended 2009 designated it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The zoning for the Area may need to be changed, depending on future uses. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan of the City of St. Louis" (2009). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed redevelopment is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged except for the vacation of the alley in the block.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

A Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including

necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on their lot so that any existing recurrent building masses and spaces is continued as well as the pattern of setback from the street.
- 3.) **Exterior Materials** All new building materials on facades visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to approval.
- 4.) **Architectural Details** on existing structures shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes.** When one roof shape is employed in a predominance of existing buildings in a block, any proposed new construction or alteration should be viewed with respect to its compatibility with the existing adjacent buildings.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. **Landscaping**

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center as determined by the Parks Department of the City, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. **Fencing**

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 1/2) feet high on planting and maintained at three and one-half (3 1/2) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and agreements between

the LCRA and the Redeveloper(s). All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper(s).

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious redevelopment that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF REDEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately two (2) year(s) of approval of this Plan by ordinance and completed within approximately three (3) year(s) of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may acquire any property in the Area by the exercise of eminent domain or otherwise.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

WHEREAS, the predominance of defective or inadequate street layout, insanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, inadequate or outmoded design and conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals or welfare in the present condition and use of the Area and such conditions are beyond remedy and control solely by regulatory process in the exercise of the police power and cannot be dealt with effectively by ordinary private enterprise without the aids provided in the Statute; and

WHEREAS, this Board has considered the "Blighting Study and Redevelopment Plan for the 3924 Cleveland Ave. Redevelopment Area" dated May 26, 2009, consisting of a Title Page; a Table of Contents Page, sixteen (16) numbered pages and Exhibits "A" – "F" attached hereto and incorporated herein as Attachment "B" ("Plan"); and based on the information in the Plan, specifically the Blighting Report in Exhibit "F" to the Plan, considered each parcel of property in the Area and found the preponderance of the Area to be blighted, and

WHEREAS, there is a need for the LCRA to undertake the redevelopment of the Area as a land clearance project under the Statute, pursuant to plans by or presented to the LCRA under Section 99.430.1 (4) RSMo, as amended; and

WHEREAS, the LCRA has, after considering each individual parcel of property in the Area and finding the Area to be blighted, approved the Plan and recommended approval of the Plan to the Planning Commission of the City of St. Louis ("Planning Commission") and to this Board; and

WHEREAS, it is desirable and in the public interest that a public body, the LCRA, undertake and administer the Plan; and

WHEREAS, the LCRA and the Planning Commission have made and presented to this Board the studies and statements required to be made and submitted by Section 99.430 RSMo, as amended, and this Board has been fully apprised by the LCRA and the Planning Commission of the facts and is fully aware of the conditions in the Area; and

WHEREAS, the Plan has been presented and recommended by LCRA and the Planning Commission to this Board for review and approval; and

WHEREAS, a general plan has been prepared and is recognized and used as a guide for the general development of the City and the Planning Commission has advised this Board that the Plan conforms to that general plan; and

WHEREAS, under the provisions of the Statute, it is required that this Board take such actions as may be required to approve the Plan; and

WHEREAS, this Board has duly considered the reports, recommendations and certifications of the LCRA and the Planning Commission; and

WHEREAS, the Plan prescribes land use and street and traffic patterns which may require, among other things, the vacation of public rights-of-way, the establishment of new street and sidewalk patterns or other public actions; and

WHEREAS, this Board is cognizant of the conditions which are imposed on the undertaking and carrying out of a redevelopment project, including those relating to prohibitions against discrimination because of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap; and

WHEREAS, in accordance with the requirements of Section 99.430 RSMo, as amended, this Board placed public notices in a newspaper of general circulation in the City that a public hearing would be held by this Board on the Plan, and a hearing was held at the time and place designated in those notices and all those who were interested in being heard were given a reasonable

opportunity to express their views; and

WHEREAS, it is necessary that this Board take appropriate official action respecting the approval of the Plan.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:

SECTION ONE. There exists within the City of St. Louis ("City") a blighted area, as defined by Section 99.320 of the Revised Statutes of Missouri, as amended (the "Statute" being Sections 99.300 to 99.715 inclusive, as amended) described in Attachment "A", attached hereto and incorporated herein, known as the 3924 Cleveland Ave. Area ("Area"). The existence of deteriorated property and other conditions constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.320(3) RSMo, as amended, and are evidenced by the Blighting Report attached as Exhibit "F" ("Blighting Report") to the Blighting Study and Redevelopment Plan for the Area dated May 26, 2009 which is attached hereto, and labeled Attachment "B" and incorporated herein by reference ("Plan").

SECTION TWO. The redevelopment of the Area, as provided by the Statute, is necessary and in the public interest, and is in the interest of the public health, safety, morals and general welfare of the people of the City.

SECTION THREE. The Area qualifies as a redevelopment area in need of redevelopment under the provision of the Statute, and the Area is blighted as defined in Section 99.320 of the Statute.

SECTION FOUR. The Plan (including the Blighting Report) having been duly reviewed and considered, is hereby approved and incorporated herein by reference, and the President or Clerk of this St. Louis Board of Aldermen ("Board") is hereby directed to file a copy of the Plan with the Minutes of this meeting.

SECTION FIVE. The Plan is feasible and conforms to the general plan for the City.

SECTION SIX. The financial aid provided and to be provided for financial assistance pertaining to the Area is necessary to enable the redevelopment activities to be undertaken in accordance with the Plan, and the proposed financing plan for the Area is feasible.

SECTION SEVEN. The Plan for the Area will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the redevelopment of the Area by private enterprise, and private redevelopments to be sought pursuant to the requirements of the Statute.

SECTION EIGHT. The Plan provides that the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") may acquire no property in the Area by the exercise of eminent domain.

SECTION NINE. None of the property within the Area is currently occupied. If it should become occupied, all eligible occupants displaced by the Redeveloper(s) (as defined in Section Twelve, below) shall be given relocation assistance by the Redeveloper(s) at its expense, in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

SECTION TEN. The Plan gives due consideration to the provision of adequate public facilities.

SECTION ELEVEN. In order to implement and facilitate the effectuation of the Plan hereby approved, it is found and determined that certain official actions must be taken by this Board and accordingly this Board hereby:

- (a) Pledges its cooperation in helping to carry out the Plan;
- (b) Requests the various officials, departments, boards and agencies of the City, which have administrative responsibilities, likewise to cooperate to such end and to execute their respective functions and powers in a manner consistent with the Plan; and
- (c) Stands ready to consider and take appropriate action upon proposals and measures designed to effectuate the Plan.

SECTION TWELVE. All parties participating as owners or purchasers of property in the Area for redevelopment ("Redeveloper(s)") shall agree for themselves and their heirs, successors and assigns that they shall not discriminate on the basis of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap in the sale, lease, or rental of any property or improvements erected or to be erected in the Area or any part thereof and those covenants shall run with the land, shall remain in effect without limitation of time, shall be made part of every contract for sale, lease, or rental of property to which Redeveloper(s) is a party, and shall be enforceable by the LCRA, the City and the United States of America.

SECTION THIRTEEN. In all contracts with private and public parties for redevelopment of any portion of the Area, Redeveloper(s) shall agree:

- (a) To use the property in accordance with the provisions of the Plan, and be bound by the conditions and procedures set forth therein and in this Ordinance;

(b) That in undertaking construction under the agreement with the LCRA and the Plan, bona fide Minority Business Enterprises (as further defined below, "MBEs") and Women's Business Enterprises ("as further defined below ("WBEs") will be solicited and fairly considered for contracts, subcontracts and purchase orders;

(c) To be bound by the conditions and procedures regarding the utilization of MBEs and WBEs established by the City;

(d) To adhere to the requirements of the Executive Order of the Mayor of the City, dated July 24, 1997, as has been extended.

(e) To comply with applicable requirements of Ordinance No. 60275 of the City (First Source Jobs Policy, as codified at St. Louis City Revised Code Chapter 3.90);

(f) To cooperate with those programs and methods supplied by the City with the purpose of accomplishing, pursuant to this paragraph, minority and women subcontractors and material supplier participation in the construction pursuant to the Plan. The Redeveloper(s) will report semi-annually during the construction period the results of its endeavors under this paragraph, to the Office of the Assistant Director-Certification and Compliance of the City and the President of this Board; and

(g) That the language of this Section Thirteen shall be included in its general construction contract and other construction contracts entered into directly by Redeveloper(s).

The term MBE shall mean a sole proprietorship, partnership, corporation, profit or non-profit organization owned, operated and controlled by Minority Group Member(s) (as defined below) who have at least fifty-one percent (51%) ownership therein. The Minority Group Member(s) must have operational and management control, interest in capital and earnings commensurate with their percentage of ownership. The term Minority Group Member(s) shall mean persons legally residing in the United States who are Black, Hispanic, Native American (American Indian, Eskimo, Aleut or Native Hawaiian), Asian Pacific American (persons with origins from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, U.S. Trust Territory of the Pacific Islands, Laos, Cambodia or Taiwan) or Asian Indian American (persons with origins from India, Pakistan or Bangladesh). The term WBE shall mean a sole proprietorship, partnership, corporation, profit or non-profit organization owned, operated and controlled by a woman or women having at least fifty-one percent (51%) ownership. The woman or women must have operational and managerial control, interest in capital and earnings commensurate with their percentage of ownership.

The term "Redeveloper(s)" as used in this Section shall include heirs, successors in interest, and assigns.

SECTION FOURTEEN. The Redeveloper(s) may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, RSMo, as amended, upon application as provided therein. Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, any Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions of the Plan:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such urban redevelopment corporation shall own property within the Area, then for a period of up to the first ten (10) years after the date such urban redevelopment corporation shall acquire title to property in the Area, taxes on that property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall have acquired title to that property. In addition to such taxes, any such urban redevelopment corporation shall for a period of up to ten (10) years make a payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the improvements located on the property during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. If such property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such urban redevelopment corporation for such period of up to the first ten (10) years of the lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in the Plan and in any agreement with the LCRA. In no event shall such benefits extend beyond ten (10) years after any urban redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by this

Board in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan.

The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. In the event that any section of this Ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this Ordinance are valid, unless the court finds the valid sections of the Ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that this Board would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 3924 Cleveland Ave. Redevelopment Area ("Area") encompasses approximately 0.07 acres in the Shaw Neighborhood of the City of St. Louis ("City") and is located on the south side of Cleveland Ave. between 39th St. and Lawrence St.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Blocks 4917. The Area is in fair condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" (Blighting Report).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 10% unemployment rate for the City as of March, 2009. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied residential building.

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential purposes.

Residential density for the surrounding neighborhoods is approximately 21.59 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "B" Two Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

None of the property within the Area is occupied and it is in the conditions outlined in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.*, of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated "B" Two Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The Strategic Land Use Plan as amended in 2009 designated it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The zoning for the Area can remain "B" Two Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan of the City of St. Louis" (2009). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed redevelopment is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged except for the vacation of the alley in the block.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

A Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design.
- 2.) **New construction** or alterations shall be positioned on their lot so that any existing recurrent building masses and spaces are continued as well as the pattern of setback from the street.
- 3.) **Exterior Materials** All new building materials on facades visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to approval.
- 4.) **Architectural Details** on existing structures shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes.** When one roof shape is employed in a predominance of existing buildings in a block, any proposed new construction or alteration should be viewed with respect to its compatibility with the existing adjacent buildings.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. **Landscaping**

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center as determined by the Parks Department of the City, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. **Fencing**

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 ½) feet high on planting and maintained at three and one-half (3 ½) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and agreements between the LCRA and the Redeveloper(s). All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper(s).

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious redevelopment that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF REDEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately two (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied, all eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

Redeveloper(s) may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, Revised Statutes of Missouri, 2000, as amended, upon application as provided therein. Such real estate tax abatement shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for up to the first ten (10) years after the date the redevelopment corporation shall acquire title to property in the Area, taxes on that property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year two (2) years prior to the calendar year during which the corporation shall have acquired title to the property. In addition to such taxes, any such corporation shall for up to the same ten (10) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year two (2) years prior to the calendar year during which such corporation shall have acquired title to that property. If property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such corporation for up to the first ten (10) years of the lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year two (2) years prior to the calendar year during which such corporation shall lease that property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use the property as provided in this Plan and in any Agreement with the LCRA. In no event shall such benefits extend beyond ten (10) years after the redevelopment corporation shall have acquired title to the property.

The provisions of G (1) and G (3) shall be covenants running with the land, without limitation as to time, and the provisions of G (2) shall be for the duration of this Plan and any extension thereof.

All of the provisions of Section G shall be enforceable against the Redeveloper(s), its heirs, successors or assigns, by the LCRA, the City, any state having jurisdiction or the United States of America.

WHEREAS, this Board has duly considered the reports, recommendations and certifications of the LCRA and the Planning Commission; and

WHEREAS, the Plan prescribes land use and street and traffic patterns which may require, among other things, the vacation of public rights-of-way, the establishment of new street and sidewalk patterns or other public actions; and

WHEREAS, this Board is cognizant of the conditions which are imposed on the undertaking and carrying out of a redevelopment project, including those relating to prohibitions against discrimination because of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap; and

WHEREAS, in accordance with the requirements of Section 99.430 RSMo, as amended, this Board placed public notices in a newspaper of general circulation in the City that a public hearing would be held by this Board on the Plan, and a hearing was held at the time and place designated in those notices and all those who were interested in being heard were given a reasonable

opportunity to express their views; and

WHEREAS, it is necessary that this Board take appropriate official action respecting the approval of the Plan.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:

SECTION ONE. There exists within the City of St. Louis ("City") a blighted area, as defined by Section 99.320 of the Revised Statutes of Missouri, as amended (the "Statute" being Sections 99.300 to 99.715 inclusive, as amended) described in Attachment "A", attached hereto and incorporated herein, known as the 3818 Botanical Ave. Area ("Area"). The existence of deteriorated property and other conditions constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.320(3) RSMo, as amended, and are evidenced by the Blighting Report attached as Exhibit "F" ("Blighting Report") to the Blighting Study and Redevelopment Plan for the Area dated May 26, 2009 which is attached hereto, and labeled Attachment "B" and incorporated herein by reference ("Plan").

SECTION TWO. The redevelopment of the Area, as provided by the Statute, is necessary and in the public interest, and is in the interest of the public health, safety, morals and general welfare of the people of the City.

SECTION THREE. The Area qualifies as a redevelopment area in need of redevelopment under the provision of the Statute, and the Area is blighted as defined in Section 99.320 of the Statute.

SECTION FOUR. The Plan (including the Blighting Report) having been duly reviewed and considered, is hereby approved and incorporated herein by reference, and the President or Clerk of this St. Louis Board of Aldermen ("Board") is hereby directed to file a copy of the Plan with the Minutes of this meeting.

SECTION FIVE. The Plan is feasible and conforms to the general plan for the City.

SECTION SIX. The financial aid provided and to be provided for financial assistance pertaining to the Area is necessary to enable the redevelopment activities to be undertaken in accordance with the Plan, and the proposed financing plan for the Area is feasible.

SECTION SEVEN. The Plan for the Area will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the redevelopment of the Area by private enterprise, and private redevelopments to be sought pursuant to the requirements of the Statute.

SECTION EIGHT. The Plan provides that the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") may acquire no property in the Area by the exercise of eminent domain.

SECTION NINE. None of the property within the Area is currently occupied. If it should become occupied, all eligible occupants displaced by the Redeveloper(s) (as defined in Section Twelve, below) shall be given relocation assistance by the Redeveloper(s) at its expense, in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

SECTION TEN. The Plan gives due consideration to the provision of adequate public facilities.

SECTION ELEVEN. In order to implement and facilitate the effectuation of the Plan hereby approved, it is found and determined that certain official actions must be taken by this Board and accordingly this Board hereby:

- (a) Pledges its cooperation in helping to carry out the Plan;
- (b) Requests the various officials, departments, boards and agencies of the City, which have administrative responsibilities, likewise to cooperate to such end and to execute their respective functions and powers in a manner consistent with the Plan; and
- (c) Stands ready to consider and take appropriate action upon proposals and measures designed to effectuate the Plan.

SECTION TWELVE. All parties participating as owners or purchasers of property in the Area for redevelopment ("Redeveloper(s)") shall agree for themselves and their heirs, successors and assigns that they shall not discriminate on the basis of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap in the sale, lease, or rental of any property or improvements erected or to be erected in the Area or any part thereof and those covenants shall run with the land, shall remain in effect without limitation of time, shall be made part of every contract for sale, lease, or rental of property to which Redeveloper(s) is a party, and shall be enforceable by the LCRA, the City and the United States of America.

SECTION THIRTEEN. In all contracts with private and public parties for redevelopment of any portion of the Area, Redeveloper(s) shall agree:

- (a) To use the property in accordance with the provisions of the Plan, and be bound by the conditions and procedures set forth therein and in this Ordinance;

- (b) That in undertaking construction under the agreement with the LCRA and the Plan, bona fide Minority Business Enterprises (as further defined below, "MBEs") and Women's Business Enterprises ("as further defined below ("WBEs") will be solicited and fairly considered for contracts, subcontracts and purchase orders;
- (c) To be bound by the conditions and procedures regarding the utilization of MBEs and WBEs established by the City;
- (d) To adhere to the requirements of the Executive Order of the Mayor of the City, dated July 24, 1997, as has been extended.
- (e) To comply with applicable requirements of Ordinance No. 60275 of the City (First Source Jobs Policy, as codified at St. Louis City Revised Code Chapter 3.90);
- (f) To cooperate with those programs and methods supplied by the City with the purpose of accomplishing, pursuant to this paragraph, minority and women subcontractors and material supplier participation in the construction pursuant to the Plan. The Redeveloper(s) will report semi-annually during the construction period the results of its endeavors under this paragraph, to the Office of the Assistant Director-Certification and Compliance of the City and the President of this Board; and
- (g) That the language of this Section Thirteen shall be included in its general construction contract and other construction contracts entered into directly by Redeveloper(s).

The term MBE shall mean a sole proprietorship, partnership, corporation, profit or non-profit organization owned, operated and controlled by Minority Group Member(s) (as defined below) who have at least fifty-one percent (51%) ownership therein. The Minority Group Member(s) must have operational and management control, interest in capital and earnings commensurate with their percentage of ownership. The term Minority Group Member(s) shall mean persons legally residing in the United States who are Black, Hispanic, Native American (American Indian, Eskimo, Aleut or Native Hawaiian), Asian Pacific American (persons with origins from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, U.S. Trust Territory of the Pacific Islands, Laos, Cambodia or Taiwan) or Asian Indian American (persons with origins from India, Pakistan or Bangladesh). The term WBE shall mean a sole proprietorship, partnership, corporation, profit or non-profit organization owned, operated and controlled by a woman or women having at least fifty-one percent (51%) ownership. The woman or women must have operational and managerial control, interest in capital and earnings commensurate with their percentage of ownership.

The term "Redeveloper(s)" as used in this Section shall include heirs, successors in interest, and assigns.

SECTION FOURTEEN. The Redeveloper(s) may seek ten (10) year real estate tax abatement pursuant to Sections 99.700 - 99.715, RSMo, as amended, upon application as provided therein. Such real estate tax abatement shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created.

In lieu of the ten (10) year abatement outlined above, any Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District or any other similar local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to ten (10) years from the commencement of such tax abatement, in accordance with the following provisions of the Plan:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such urban redevelopment corporation shall own property within the Area, then for a period of up to the first ten (10) years after the date such urban redevelopment corporation shall acquire title to property in the Area, taxes on that property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall have acquired title to that property. In addition to such taxes, any such urban redevelopment corporation shall for a period of up to ten (10) years make a payment in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the improvements located on the property during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall have acquired title to such property. If such property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such urban redevelopment corporation for such period of up to the first ten (10) years of the lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year two (2) years prior to the calendar year during which such urban redevelopment corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said ten (10) year period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in the Plan and in any agreement with the LCRA. In no event shall such benefits extend beyond ten (10) years after any urban redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by this

Board in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan.

The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. In the event that any section of this Ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this Ordinance are valid, unless the court finds the valid sections of the Ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that this Board would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 3818 Botanical Ave. Redevelopment Area ("Area") encompasses approximately 0.15 acres in the Shaw Neighborhood of the City of St. Louis ("City") and is located on the south side of Botanical Ave. between Spring Ave. and 39th St.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Blocks 2109. The Area is in fair condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" (Blighting Report).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 10% unemployment rate for the City as of March, 2009. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied residential building.

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential purposes.

Residential density for the surrounding neighborhoods is approximately 21.59 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "B" Two Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

None of the property within the Area is occupied and it is in the conditions outlined in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.*, of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses permitted in Areas designated "B" Two Family Residential District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The Strategic Land Use Plan as amended in 2009 designated it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The zoning for the Area can remain "B" Two Family Residential District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan of the City of St. Louis" (2009). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed redevelopment is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged except for the vacation of the alley in the block.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

A Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

c. **Landscaping**

The property shall be well-landscaped. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. **Fencing**

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. 9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 ½) feet high on planting and maintained at three and one-half (3 ½) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and agreements between the LCRA and the Redeveloper(s). All new signs shall be restricted to standard sale/lease signs.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious redevelopment that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF REDEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately two (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for up to the first five (5) years after the date the redevelopment corporation shall acquire title to property in the Area, taxes on that property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year two (2) years prior to the calendar year during which the corporation shall have acquired title to that property. In addition to such taxes, any such corporation shall for up to the same five (5) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year two (2) years prior to the calendar year during which such corporation shall have acquired title to that property. All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said five (5) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use the property as provided in this Plan and in any agreement with the LCRA. In no event shall such benefits extend beyond five (5) years after the redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by this Board in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan.

The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. In the event that any section of this Ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this Ordinance are valid, unless the court finds the valid sections of the Ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that this Board would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 2024-26 Lafayette Ave. Redevelopment Area ("Area") encompasses approximately .05 acres in the Lafayette Square neighborhood of the City of St. Louis ("City") and is located on the southeast corner of Lafayette Ave. and Nicholson Pl.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 1329. The Area is in fair condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" Blighting Report.

Unemployment figures, computed by the Missouri State Employment Service, indicate a 10% unemployment rate for the City as of March, 2009. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied commercial building.

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential purposes.

Residential density for the surrounding neighborhoods is approximately 8.09 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "B" Two Family Residential District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference. The owner has been granted a zoning variance to allow for commercial uses.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and in the conditions outlined in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.* of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED REDEVELOPMENT AND REGULATIONS

1. REDEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive commercial uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are commercial uses permitted in Areas designated "F" Neighborhood Commercial District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to redevelop property in the Area (hereafter referred to as "Redeveloper(s)") shall not be permitted to use said property for the following:

pawn shops, adult bookstores, X-rated movie houses, massage parlors or health spas, auto and truck dealers (new or used), pinball arcades, pool halls, secondhand or junk shops, tattoo parlors, truck or other equipment rentals requiring outside storage, blood donor facilities, free standing package liquor stores, check cashing centers, any use (except for financial institutions or pharmacies) that utilizes a sales or service window or facility for customers who are in cars, or restaurants that sell products to customers who are in cars or who consume the sold products in cars parked on the restaurant premises, or sell products through a sales window to customers who are in cars or to pedestrians outside the building for immediate consumption by the customer either on or off the premises, automobile service or stations.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The General Plan of the City of St. Louis which includes the "Strategic Land Use Plan" (as amended 2009) designates the Area as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

A zoning variance for commercial uses has been granted for the Area, which is currently zoned "B" Two Family Residential District. All land coverage and building intensities shall be governed by this variance.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan" (2009). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

Approximately five new permanent full time equivalent jobs should be created if the Area is redeveloped in accordance with this Plan.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement ("Agreement") (if any), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet this requirement may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on their lot so that any existing recurrent building masses and spaces are continued as well as the pattern of setback from the street.
- 3.) **Exterior Materials** All new building materials on facades visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to approval.
- 4.) **Architectural Details** on existing structures shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes.** When one roof shape is employed in a predominance of existing buildings in a block, any proposed new construction or alteration should be viewed with respect to its compatibility with the existing adjacent buildings.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. **Landscaping**

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, as determined by the Parks Department of the City depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. Existing, healthy trees and shrubs shall be retained, if feasible.

d. **Fencing**

New fencing may be ornamental metal, chain link or a good quality, privacy fence provided it is not wood stockade style. In no case shall the fencing have razor or brushed wire on top if it is visible from any street. In residential or commercial zoning districts and fencing across from residential uses in any zoning district new fencing in front yards or along streets shall be limited to ornamental metal or good quality privacy fencing provided it is not wood stockade style.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and agreements between the LCRA and the Redeveloper(s). A uniform signage plan must be prepared by the Redeveloper(s) for the entire project. All new signs shall be restricted to those identifying the names and/or business of the person or firm occupying the premises.

New wall signs shall not obstruct any architectural building elements, and shall project no more than eighteen (18) inches from the face of the building. The total pedestrian level signage per business per façade shall be the lessor of fifty (50) sq. ft. on ten percent (10%) of the ground floor façade area.

Projecting signs shall be governed by the City Code, but may not obscure an architectural building element.

Canvas awnings with signs are permitted, provided they are compatible with the overall design and architectural details of the building upon which they are to be placed and are placed neatly within the window or door opening. Signage on awnings may be located on the sloping portion of the canvas awning, on the front of a canopy or on the awning valance. In no case shall signage be allowed on both an awning and a building for the same business. Logos and graphic elements may be up to ten (10) sq. ft. in size (depending on the size of the awning), while names or brand copy shall be in proportion to the size of the awning, but in no case shall lettering be more than twelve inches (12") high.

Painted wall signs, roof signs, pole signs, monument signs, moving signs, animated or flashing signs, or permanent or portable message board signs shall not be permitted in the Area, and no regular or mini billboards (free standing or mounted on structures) shall be erected or maintained in the area, except that construction and leasing signs may be maintained during construction and for a period of one (1) year after completion of improvements on any respective parcel or part thereof.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper(s).

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When redeveloped in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious redevelopment that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF REDEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year of approval of this Plan by ordinance and completed within approximately two (2) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to a Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to a Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. (2000) as amended, for uses in accordance with this Plan.

4. RELOCATION ASSISTANCE

The property within the Area is currently unoccupied. If it should become occupied, all eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

E. COOPERATION OF THE CITY

The City and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

F. TAX ABATEMENT

A Redeveloper which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include taxes collected for any Special Business District, Neighborhood Improvement District, Commercial Improvement District, or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to five (5) years from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for up to the first five (5) years after the date the redevelopment corporation shall acquire title to such property, taxes on such property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year two (2) years prior to the calendar year during which such corporation shall have acquired title to such property. In addition to such taxes, any such corporation shall for up to the same five (5) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year two (2) years prior to the calendar year during which such corporation shall have acquired title to such property. If property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such corporation for up to the first five (5) years of such lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year two (2) years prior to the calendar year during which such corporation shall lease such property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said five (5) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use such property as provided in this Plan and in any contract with the LCRA. In no event shall such benefits extend beyond five (5) years after the redevelopment corporation shall have acquired title to the property.

Blighting Report for the 2024-26 Lafayette Ave. Redevelopment Area

It, therefore, qualifies as a "blighted area" as such time is defined in Section 99.320(3) of the Missouri Revised Statute (2000) as amended.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:

SECTION ONE. There exists within the City of St. Louis ("City") a blighted area, as defined by Section 99.320 of the Revised Statutes of Missouri, as amended (the "Statute" being Sections 99.300 to 99.715 inclusive, as amended) described in Attachment "A", attached hereto and incorporated herein, known as the 2907-09 Michigan Avenue Area ("Area"). The existence of deteriorated property and other conditions constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Section 99.320(3) RSMo, as amended, and are evidenced by the Blighting Report attached as Exhibit "F" ("Blighting Report") to the Blighting Study and Redevelopment Plan for the Area dated May 26, 2009 which is attached hereto, and labeled Attachment "B" and incorporated herein by reference ("Plan").

SECTION TWO. The redevelopment of the Area, as provided by the Statute, is necessary and in the public interest, and is in the interest of the public health, safety, morals and general welfare of the people of the City.

SECTION THREE. The Area qualifies as a redevelopment area in need of redevelopment under the provision of the Statute, and the Area is blighted as defined in Section 99.320 of the Statute.

SECTION FOUR. The Plan (including the Blighting Report) having been duly reviewed and considered, is hereby approved and incorporated herein by reference, and the President or Clerk of this St. Louis Board of Aldermen ("Board") is hereby directed to file a copy of the Plan with the Minutes of this meeting.

SECTION FIVE. The Plan is feasible and conforms to the general plan for the City.

SECTION SIX. The financial aid provided and to be provided for financial assistance pertaining to the Area is necessary to enable the redevelopment activities to be undertaken in accordance with the Plan, and the proposed financing plan for the Area is feasible.

SECTION SEVEN. The Plan for the Area will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the redevelopment of the Area by private enterprise, and private redevelopments to be sought pursuant to the requirements of the Statute.

SECTION EIGHT. The Plan provides that the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") may acquire no property in the Area by the exercise of eminent domain.

SECTION NINE. None of the property within the Area is currently occupied. If it should become occupied, all eligible occupants displaced by the Redeveloper(s) (as defined in Section Twelve, below) shall be given relocation assistance by the Redeveloper(s) at its expense, in accordance with all applicable federal, state and local laws, ordinances, regulations and policies.

SECTION TEN. The Plan gives due consideration to the provision of adequate public facilities.

- (b) Requests the various officials, departments, boards and agencies of the City, which have administrative responsibilities, likewise to cooperate to such end and to execute their respective functions and powers in a manner consistent with the Plan; and
- (c) Stands ready to consider and take appropriate action upon proposals and measures designed to effectuate the Plan.

SECTION TWELVE. All parties participating as owners or purchasers of property in the Area for redevelopment ("Redeveloper(s)") shall agree for themselves and their heirs, successors and assigns that they shall not discriminate on the basis of race, color, creed, national origin, sex, marital status, age, sexual orientation or physical handicap in the sale, lease, or rental of any property or improvements erected or to be erected in the Area or any part thereof and those covenants shall run with the land, shall remain in effect without limitation of time, shall be made part of every contract for sale, lease, or rental of property to which Redeveloper(s) is a party, and shall be enforceable by the LCRA, the City and the United States of America.

SECTION THIRTEEN. In all contracts with private and public parties for redevelopment of any portion of the Area, Redeveloper(s) shall agree:

- (a) To use the property in accordance with the provisions of the Plan, and be bound by the conditions and procedures set forth therein and in this Ordinance;

- (b) That in undertaking construction under the agreement with the LCRA and the Plan, bona fide Minority Business Enterprises (as further defined below, "MBEs") and Women's Business Enterprises ("as further defined below ("WBEs") will be solicited and fairly considered for contracts, subcontracts and purchase orders;
- (c) To be bound by the conditions and procedures regarding the utilization of MBEs and WBEs established by the City;
- (d) To adhere to the requirements of the Executive Order of the Mayor of the City, dated July 24, 1997, as has been extended.

- (f) To cooperate with those programs and methods supplied by the City with the purpose of accomplishing, pursuant to this paragraph, minority and women subcontractors and material supplier participation in the construction pursuant to the Plan. The Redeveloper(s) will report semi-annually during the construction period the results of its endeavors under this paragraph, to the Office of the Assistant Director-Certification and Compliance of the City and the President of this Board; and
- (g) That the language of this Section Thirteen shall be included in its general construction contract and other construction contracts entered into directly by Redeveloper(s).

The term MBE shall mean a sole proprietorship, partnership, corporation, profit or non-profit organization owned, operated and controlled by Minority Group Member(s) (as defined below) who have at least fifty-one percent (51%) ownership therein. The Minority Group Member(s) must have operational and management control, interest in capital and earnings commensurate with their percentage of ownership. The term Minority Group Member(s) shall mean persons legally residing in the United States who are Black, Hispanic, Native American (American Indian, Eskimo, Aleut or Native Hawaiian), Asian Pacific American (persons with origins from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, U.S. Trust Territory of the Pacific Islands, Laos, Cambodia or Taiwan) or Asian Indian American (persons with origins from India, Pakistan or Bangladesh). The term "Redeveloper(s)" as used in this Section shall include heirs, successors in interest, and assigns.

SECTION FOURTEEN. A Redeveloper(s) which is an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be entitled to real property ad valorem tax abatement which shall not include any Special Business District, Neighborhood Improvement District, Commercial Improvement District or any other single local taxing district created in accordance with Missouri law, whether now existing or later created, for a total period of up to seven (7) years from the commencement of such tax abatement, in accordance with the following provisions:

If property in the Area is sold by the LCRA to an urban redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes, or if any such corporation shall own property within the Area, then for up to the seven (7) years after the date the redevelopment corporation shall acquire title to property in the Area, taxes on that property shall be based upon the assessment of land, exclusive of any improvements thereon, during the calendar year two years preceding the calendar year during which the corporation shall have acquired title to that property. In addition to such taxes, any such corporation shall for up to the same seven (7) year period make a payment in lieu of taxes to the Collector of Revenue of the City of St. Louis in an amount based upon the assessment on the improvements located on the property during the calendar year two years preceding the calendar year during which such corporation shall have acquired title to that property. If property shall be tax exempt because it is owned by the LCRA and leased to any such corporation, then such corporation for up to the seven (7) years of the lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an amount based upon the assessment on the property, including land and improvements, during the calendar year two years preceding the calendar year during which such corporation shall lease that property.

All payments in lieu of taxes shall be a lien upon the property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said seven (7) year period, shall inure to the benefit of all successors in interest in the property of the redevelopment corporation, so long as such successors shall continue to use the property as provided in this Plan and in any agreement with the LCRA. In no event shall such benefits extend beyond seven (7) years after the redevelopment corporation shall have acquired title to the property.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by this Board in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan.

The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. In the event that any section of this Ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this Ordinance are valid, unless the court finds the valid sections of the Ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that this Board would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 2907-09 Michigan Avenue Redevelopment Area ("Area") encompasses approximately 0.18 acres in the Tower Grove East Neighborhood of the City of St. Louis ("City") and is located on the west side of Michigan Avenue with Arsenal St. to the south and Pestalozzi St. on the north.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises one parcel of City Block 1455. The Area is in poor condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" (Project Area Plan) and enumerated in Exhibit "F" (Blighting Report).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 7.5% unemployment rate for the City as of May, 2008. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include one unoccupied four family residential building.

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for residential purposes.

Residential density for the surrounding neighborhoods is approximately 21.97 persons per acre.

5. CURRENT ZONING

The Area is currently zoned "B" Two Family Dwelling District pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

None of the property within the Area is occupied and it is in the conditions outlined in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.* of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential uses. The goal of this Plan is to upgrade and improve the Area by encouraging the retention and renovation of the existing structure for owner occupancy.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are residential uses consistent with the existing residential zoning of the subject parcel, designated "B" Two Family Dwelling District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper(s)") shall be permitted to use said property only for the above proposed uses.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The 2005 Strategic Land Use Plan designated it as a Neighborhood Preservation Area (NPA).

3. PROPOSED ZONING

The zoning for the Area can remain "B" Two Family Dwelling District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan of the City of St. Louis" (2005). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

No new jobs will be created in this Area because the proposed redevelopment is residential.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged except for the vacation of the alley in the block.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

A Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement (if

any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property shall be redeveloped such that it is an attractive residential asset to the surrounding neighborhood.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** shall respect the original exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design
- 2.) **New construction** or alterations shall be positioned on their lot so that any existing recurrent building masses and spaces is continued as well as the pattern of setback from the street.
- 3.) **Exterior Materials** All new building materials on facades visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to approval.
- 4.) **Architectural Details** on existing structures shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished aluminum and glass block are not acceptable. Awnings of canvas only are acceptable.
- 5.) **Roof Shapes.** When one roof shape is employed in a predominance of existing buildings in a block, any proposed new construction or alteration should be viewed with respect to its compatibility with the existing adjacent buildings.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. **Landscaping**

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center as determined by the Parks Department of the City, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental or shade trees should be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible.

d. **Fencing**

Fencing in the front yards shall be limited to ornamental metal with a black matte finish. Fencing behind the building line and not facing a street may be chain link with a black matte finish, or a good quality, privacy fence provided it is not wood stockade style. Fencing facing a side street shall be ornamental metal or a good quality board fence up to six (6) feet in height provided landscaping is provided between the fence and the sidewalk.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area.

Where feasible, parking shall be limited to the rear of the property off the alley, and at least one space shall be provided for each residential unit. In addition, surface parking shall not extend beyond the established building line. Surface parking along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2 1/2) feet high on planting and maintained at three and one-half (3 1/2) feet high at maturity.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and agreements between the LCRA and the Redeveloper(s). All new signs shall be restricted to standard sale/lease signs.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper(s).

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious redevelopment that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF REDEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately one (1) year(s) of approval of this Plan by ordinance and completed within approximately three (3) year(s) of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may not acquire any property in the Area by the exercise of eminent domain.

3. PROPERTY DISPOSITION

If the LCRA acquires property in the Area, it may sell or lease the property to Redeveloper(s) who shall agree to redevelop such property in accordance with this Plan and the Agreement between such Redeveloper(s) and the LCRA. Any property acquired by the LCRA and sold to Redeveloper(s) will be sold at not less than its fair value, taking into account and giving consideration to those factors enumerated in Section 99.450, R.S.Mo. A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 6201-59 N. Broadway Street and 800-880 E. Taylor Avenue Redevelopment Area ("Area") encompasses approximately 15.15 acres in the North Riverfront neighborhood of the City of St. Louis ("City") including rights of way, and includes the area bounded generally by N. Broadway St., E. Taylor Ave., W. Florissant to the west and Interstate 70.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises all of City Block 4398 and includes the following addresses: 6201-59 N. Broadway St. and 800 and 880 E. Taylor Ave. and 801 Carrie Ave. The parcel by parcel building conditions in the Area are shown in Exhibit "B" (Project Area Plan).

Unemployment figures, computed by the Missouri State Employment Service, indicate a 9.6% unemployment rate for the City as of February, 2009. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include industrial, utility, and vacant land.

The land use, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are primarily used for industrial purposes.

Residential density for the surrounding neighborhoods is approximately 0.68 persons per acre

5. CURRENT ZONING

The Area is zoned "J" Industrial District, pursuant to the Zoning Code of the City, which is incorporated in this Plan by reference.

6. FINDING OF BLIGHT

None of the property within the Area is occupied and it is in the conditions outlined in Exhibit "F". The existence of deteriorated property constitutes an economic or social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300 *et seq.* of the Revised Statutes of Missouri (the Land Clearance for Redevelopment Authority Law) as evidenced by the Blighting Report attached hereto, labeled Exhibit "F" and incorporated herein by this reference.

B. PROPOSED REDEVELOPMENT AND REGULATIONS

1. REDEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into a minimum of approximately 75,000 square feet of productive commercial uses.

2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are commercial and industrial uses permitted in Areas designated "K" Unrestricted District by the City of St. Louis Zoning Code. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to redevelop property in the Area (hereafter referred to as "Redeveloper(s)") shall not be permitted to use said property for the following:

pawn shops, adult bookstores, X-rated movie houses, massage parlors or health spas, auto and truck dealers (new or used), pinball arcades, pool halls, secondhand or junk shops, tattoo parlors, truck or other equipment rentals requiring outside storage, blood donor facilities, free standing package liquor stores, check cashing centers, any use (except for financial institutions or pharmacies) that utilizes a sales or service window or facility for customers who are in cars, or restaurants that sell products to customers who are in cars or who consume the sold products in cars parked on the restaurant premises, or sell products through a sales window to customers who are in cars or to pedestrians outside the building for immediate consumption by the customer either on or off the premises, automobile service or stations.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The 2009 Strategic Land Use Plan designated it as a Business/Industrial Development Area (BIDA).

3. PROPOSED ZONING

The zoning for the Area may be changed to "K" Unrestricted District. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the "Strategic Land Use Plan" as amended (2009). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THIS AREA

Fifty to two hundred new jobs may be created in this Area as a result of this development. The exact number of jobs created will depend upon the specific nature of the proposed redevelopment.

6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

Each Redeveloper(s) shall redevelop the Area in accordance with this Plan and the redevelopment agreement ("Agreement") (if any), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet this requirement may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The properties shall be developed such that they are attractive industrial and commercial assets to the surrounding neighborhood.

b. **Urban Design Regulations**

1. **Rehabilitation** shall respect the original exterior and the exterior in terms of design and materials. Window and door shapes and detailing shall be compatible with the original design.

2. **New construction** shall be compatible in design with the surrounding neighborhood, if any, in terms of scale, material, set back, profile and site layout.

c. **Landscaping**

The property shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, as determined by the Parks Department of the City depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. Existing, healthy trees and shrubs shall be retained, if feasible.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, PDA stipulations, this Plan and agreements between the LCRA and the Redeveloper(s). A uniform signage plan must be prepared by the Redeveloper(s) for the entire project. All new signs shall be restricted to those identifying the names and/or business of the person or firm occupying the premises.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written approval of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper(s).

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When redeveloped in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious redevelopment that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF REDEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately two (2) year(s) of approval of this Plan by ordinance and completed within approximately five (5) year(s) of approval of this Plan by ordinance.
